up close & personal: success stories

meet NDN

National Discovery Network, Inc. was founded in 1998 with one goal in mind:

To create a bridge between talented individuals and top management companies.

Over the years, we have held several modeling conventions and have hosted thousands of Searches nationwide.

Our job is to provide a professional arena for you to be seen by a wide variety of industry leaders. Our job is not to get you the contract—it is to present you with the opportunity to land the contract yourself, based on your unique attributes and abilities.

On the Big Screen

Recently, NDN discoveries have been featured in several movies including, Tyler Perry's The Family That Preys, Meet the Browns, Gospel Hill, and Blood Done Signed My Name. Kayla, and parents Tracy, Matthew, Linda, Sherry, and Michelle can be seen on the big screen in at least one of these films.

Malia

Malia has been featured in commercials and print ads. She has worked with Hanes and Castle's and Crowns to name a few.

Disney XD

Three NDN discoveries were recently in a commercial. Brody, Brooklyn and Alyesha will appear on a Disney XD TV Spot.

Disney name and logo are property of © Disney.

get discovered!

Think you have what it takes? Visit www.nationaldiscoveryinc.com for a schedule of upcoming Searches.

personality counts!!

be more than a photo and a resume

At NDN, our goal is to create opportunity by bringing together talent and talent seekers...in person.

Each event participant is provided with education, valuable information and exposure to top agents, managers and casting directors.

Our events are by invitation only. You must participate in a Search to be invited. If interest is generated, we will meet with you to discuss participation in an event.

Visit www.nationaldiscoveryinc.com for a schedule of upcoming Searches. We can't wait to see you!
